

Trimiod Besta flame proof level switch for hazardous location..

Type: XA8 0104.

Max pressure: 25 bar.

Max temperature: 330 °c.

Min Density: 0.70 KG/DM2.

Operating differential: fixed 12mm.

wetted part material: 316 st-st.

Housing material: Aluminium, chromated and all st-st (crnimo).

flange dimensions: square 92 mm PCD.

Switch element: micro switch **SPDT**- silver contacts 250VAC 5 A
250VDC 0.25A.

Ingress protection: (IP 67) CE0081 II 1/2 GEEXde ICT6.

PTB04ATEX1062. Float: zone 0.

Made in Switzerland.
